

RECOMMENDED USE: For food craving control; begin with two to three (2-3) capsules daily, 30 minutes before each meal. Because of metabolic differences between each individual user, it can take anywhere from 3 to 5 days to feel Hoodia's powerful effect. Begin with the recommended dosage for the first few days and gradually double your dosage. Once the desired effect of taking Ripped Juice has been reached you can go back to the recommended dosage of 2-3 capsules per day.

Our 'Extended Release' Ripped Juice Hoodia consists of a perfectly balanced blend of vitamins and antioxidants. By delaying the release of Hoodia, this powerful craving control formula is easily assimilated into the body which allows for immediate utilization and effect. Use this product with confidence, and start feeling the results today! †

WARNING: Always seek advice from a health care professional prior to use if you are pregnant or nursing, or if you have high blood pressure, heart or thyroid disease, diabetes, difficulty in urination due to prostate enlargement, or if taking a MAO inhibitor or any other prescription drug. Reduce or discontinue use if nervousness, tremor, sleeplessness or nausea occurs. Not for persons under the age of 18.
